

Special Workshop

MVH Street Light Replacement Project next step

Wednesday Dec 17th, 2025

7:00pm to 9:00pm

Location

təməsew'tx^w Aquatic and Community Centre

65 E Sixth Ave, New Westminster

Multi-Purpose Room #1

Workshop with MVH residents per Council's endorsed next steps

- Workshop entailing staff's consultation with the MVHRA regarding the repositioning of a limited number of restored historical poles (5) in combination with newly selected fixtures of similar style in keeping with the area's historical street scape character.

(For detailed info regarding Council's directive, discussion and endorsed next steps, reference MVHRA website Nov 10th banner update, found under the advocacy tab)

New West City representatives:

- Kwaku Agyare-Manu, Deputy Director, Engineering Services
- Hardeep Maghera, City's Manager of Engineering Development Services, Design & Construction
- Amy Hunter, PBX Engineering *(the City's Lighting Consultant responsible for the detailed lighting design scope)*

Main Discussion themes

- Overview of the replica fixture options and selection thereof
- Technical considerations of various options
- High level review for the placement of the 5 restored historical lamp standards

This workshop will be first of two workshops
The Second workshop to be held early in the new year

Please feel free to share this meeting notice with your MVH neighbours and encourage them to attend!
